PROJECTS

• Portfolio:

This is my portfolio website on GitHub in which I have introduced myself and showcased my skills as well as my work.

• Covid-19 Tracker App:

Worked in a team of two to design the app which can track the present situation of corona virus, provide the latest data about the spread of the virus.

• Notes App:

This project is a Notes App, that lets us quickly write down our thoughts, draft out our memos, or store any text we want to keep around for any length of time.
